PROFESSIONAL SUMMARY

Film and television production generalist with 8+ years of experience across the full production pipeline; from on-set camera operation, lighting, and audio to post-production editing, color grading, and motion graphics. Skilled in cine-grade camera systems (Sony, ARRI, RED) and advanced color science workflows. Recently completed an MFA in Film and Television Production at San Diego State University, with credits spanning narrative shorts, branded content, and documentary.

EXPERIENCE

Teaching Assistant, Film Editing and Post-Production

Jan 2025 – May 2026

San Diego State University

- Guided students through advanced editing, troubleshooting, and project-organization workflows in DaVinci Resolve and Premiere Pro.
- Reviewed student film projects and gave feedback on narrative pacing, visual continuity, and color grading in a collaborative studio setting.
- Maintained and organized post-production lab equipment and media assets.

Videographer and Editor

Nov 2021 – Jul 2023

Half Full Technology

- Served as sole on-set crew for a digital marketing agency representing Ambe Cements, coordinating with a 5-person pre-production team to deliver commercial content for YouTube, live events, and print.
- Produced and edited 10+ product videos for YouTube, owning every stage from scripting and camera operation through color grading and delivery.
- Shot and edited video coverage for 2 large-scale corporate events, delivering polished multi-format content under live conditions.
- Executed product photography for commercial and magazine placement, applying lighting and composition across video and stills.
- Designed thumbnails and graphics in Adobe Creative Suite to drive viewer engagement across digital platforms.

Cinematographer, Editor, and Colorist

Sep 2020 – Jul 2023

Zikr Production

- Served as lead DP, editor, and colorist on narrative and commercial short films, including 3 branded spots for TVS and *No Thank You*, an independent short with 120,000+ YouTube views.
- Owned the full image pipeline from on-set acquisition with cine-grade camera logs through color grading and audio sweetening.
- Served as Cinematographer on a feature documentary, executing end-to-end camera operations and editing the official promotional trailer.
- Managed overlapping deadlines across multiple concurrent productions.

Freelance Video Editor and Colorist

Feb 2020 – Sep 2020

Periwinkle Service

- Edited and color-graded video content for YouTube and Vimeo, adapting tone, pacing, and look to each client's brand.
- Maintained clear, prompt client communication to build relationships and ensure on-time delivery.

PROJECTS & CREDITS

MFA Film Production Credits - Various Roles

Aug 2023 – May 2026

San Diego State University

- Earned 20+ crew and creative credits across MFA short film productions, working across every major stage of production.
- Directed 4 short films, overseeing creative vision, crew direction, on-set execution, and post-production through final distribution.
- Principal editor on 5+ films and colorist on 8+ productions, executing picture cuts, color space management, and final mastering.
- Fulfilled key on-set crew roles across multiple productions, serving as 1st AC (focus pulling and camera maintenance), Assistant Director (shot lists, call sheets, and scheduling), and Gaffer (lighting design and execution).
